

ONLINE EXAM SYSTEM

By – Ruhi Kansagara

Drashti Chetta

Dhwani Sakhiya

Our project is a website which is based on online exam system which has an admin-panel and student-panel.

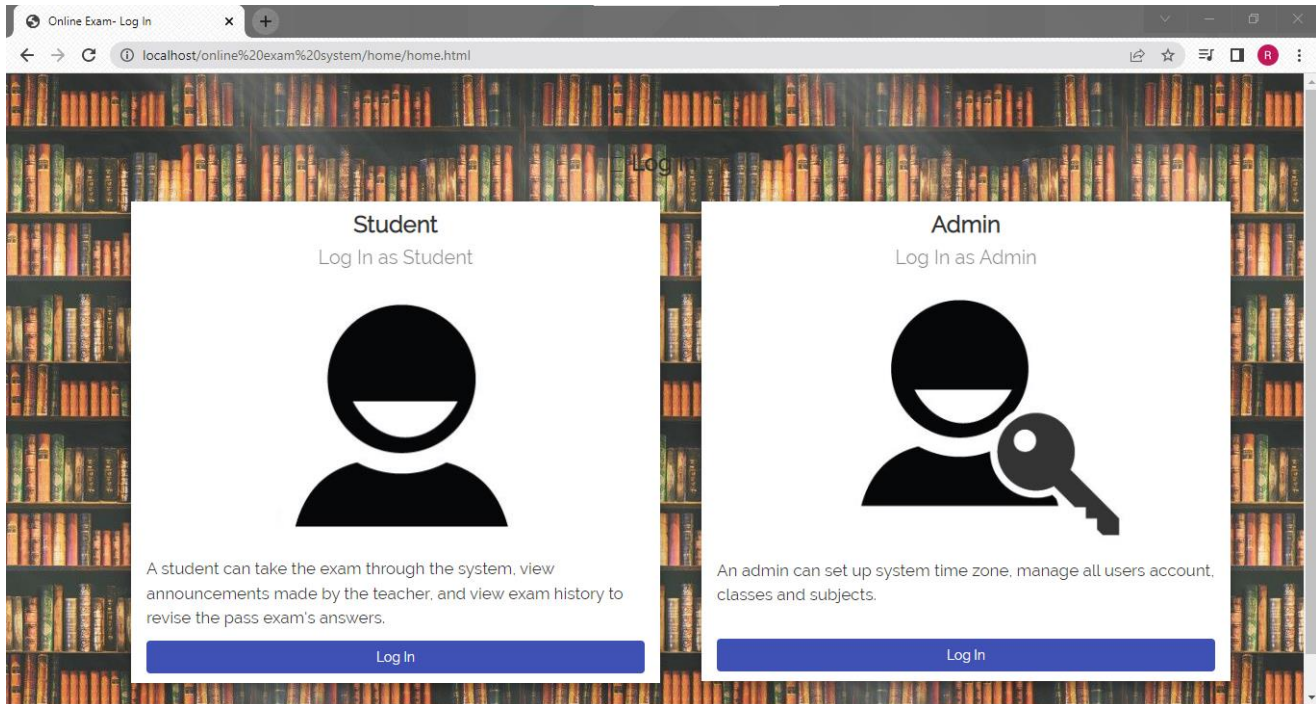

ADMIN

- Firstly, admin has to login with his/her id and password.
- Then, admin has the right to add, delete or update information regarding number of students, their details, number of subjects and its details.
- At last, admin can logout from the session.

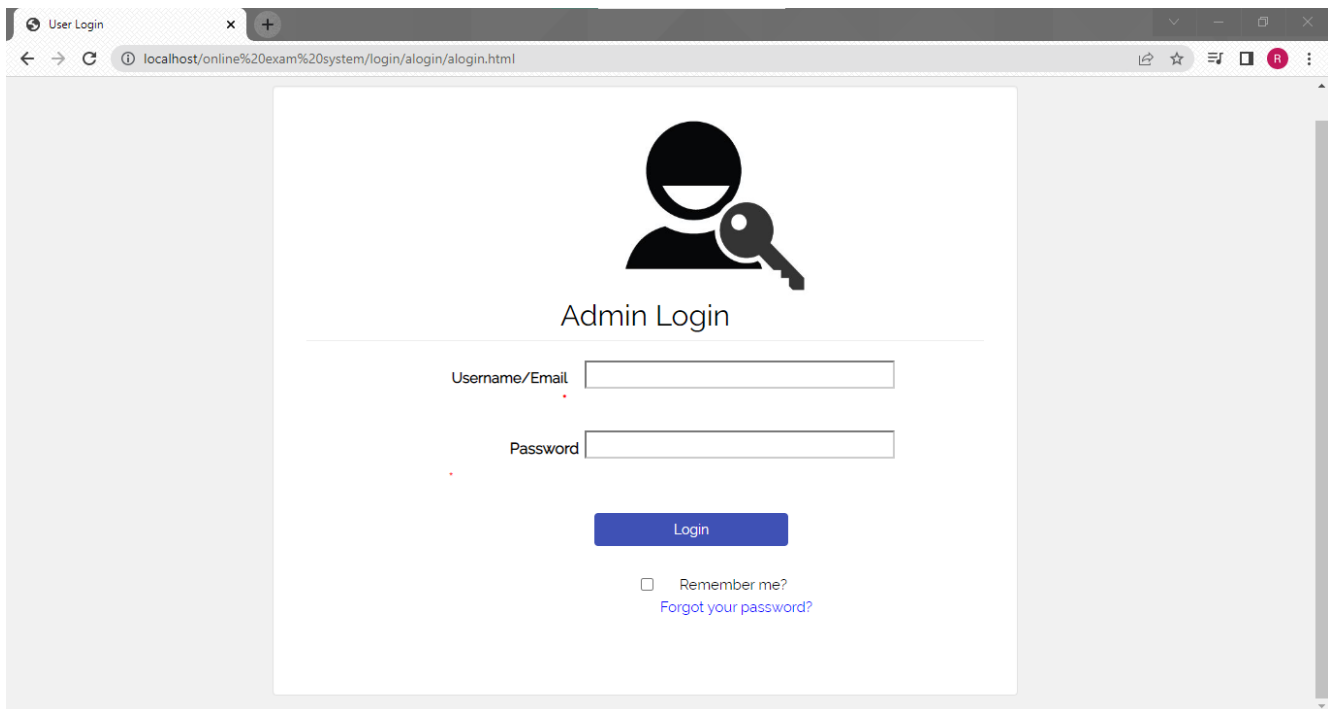

STUDENT

- In this, students have to login with their given id and password.
- Students can view their personal details and exam details.
- Some general instructions are also given.
- At last, students have to logout from the session.

HOME PAGE-

ADMIN LOGIN PAGE-

ADMIN MANAGEMENT PAGE

Contains details of all the admins.

Admin can also edit their information and can add new admins.

GENERAL INSTRUCTIONS:

The screenshot shows a web browser window with the address bar displaying 'localhost/online%20exam%20system/student/examrules/e.html'. The page has a dark header with a 'Log out' link. A sidebar on the left contains a 'Welcome, student2' message and a list of navigation items: 'General Exam Rules' (highlighted), 'Available Exams', 'Dashboard', 'Manage Account', and 'View Profile'. The main content area is titled 'General Exam Rules' and contains three sections, each with an icon and a title:

- BE ON TIME** (Clock icon): Always check out the announcement that made by teacher and take note of the exam date and time. The exam will be available on time, within the duration set by the teacher.
- ONLY ONE ATTEMPT** (Stamp icon): Student can only take the exam once, within the time set by the teacher. When student click t considered already sit for the exam. If a student miss an exam, teacher can set another date and time for the same exam and only students who miss the exam can take the re-open exam.
- STABLE INTERNET CONNECTION** (Wi-Fi icon): If your internet connection is disconnected suddenly, do not close the browser, refresh the

connect to the internet. If the exam is still available, you can still continue save answers. However, if the exam time is expired, then you cannot answer the question anymore.

DO NOT CLOSE BROWSER

Do not Close the browser if you have not yet save your Answer Closing the browser means exit the exam. If you did not click the Save button to save the answer for every question and the questions and will get zero mark.

SAVE YOUR ANSWER

Remember to click the Save button to save the answer for every question. Even you did not click 'Finish & Exit' button when you finish all questions, you still answered the questions because your answers already saved.

AVAILABLE EXAM:

It contains the exams available for the student and a demo question paper which can be viewed by clicking 'View' button.
